DHL PARCEL INTERNATIONAL DIRECT

FROM CHINA TO FRANCE

In France, a significant proportion of the population make cross-border websites; 46% made at least one cross-border purchase in 2016.[1] China is one of the three top destinations for French cross-border online purchases.[2] The trend of French overseas shopping is driven by price and availability of products in local stores.[3]

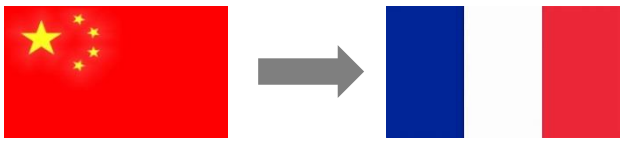
DHL Parcel International Direct provides you an end-to-end shipping solution to drive your online business into the French market.

E-Commerce Made Easy

We know what it takes to grow and sustain your e-commerce business – we are the e-commerce specialist and offer affordable cross border solutions to ship your products into the French market easily.

DHL Parcel International Direct is our reliable and efficient international shipping solution, offering all the advantages your online business needs to provide the best possible delivery experience to your customers in France. Our direct-to-consumer solution ensures faster and more reliable shipping with tracking abilities than conventional mailing options.

DHL's Integrated Network – Powering Up Your Deliveries



Through our extensive international network coverage, we can deliver your orders in excellent condition from China to your customers' doorsteps in France. Our high-quality delivery helps you win your customers' loyalty and satisfaction, and seize the opportunities to expand your business into France.
