DHL PARCEL INTERNATIONAL DIRECT

FROM CHINA TO THAILAND

The e-commerce market in Thailand is currently the second largest in Southeast Asia and expected to grow 22% annually till 2020[1]. Consumers in Thailand are becoming more tech-savvy and have shown more willingness to engage in cross border e-commerce, with 49% of them already made online purchases from abroad at least once a year[2]. Following Japan, China is the next most popular cross border shopping destination for Thai consumers[3] – let us enable you to sell successfully from China to Thailand.

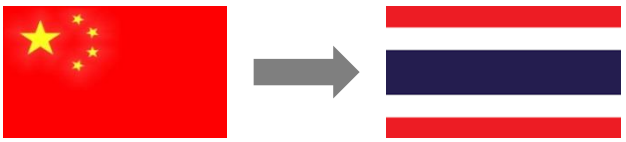
DHL Parcel International Direct provides you an end-to-end shipping solution to drive your online business into the Thai market.

E-Commerce Made Easy

We know what it takes to grow and sustain your e-commerce business – we are the e-commerce specialist and offer affordable cross border solutions to ship your products into the Thai market easily.

DHL Parcel International Direct is our reliable and efficient international shipping solution, offering all the advantages your online business needs to provide the best possible delivery experience to your customers in Thailand. Our direct-to-consumer solution ensures faster and more reliable shipping with tracking abilities than conventional mailing options.

DHL's Integrated Network – Powering Up Your Deliveries



Through our extensive international network coverage, we can deliver your orders from China to your Thai customers' doorsteps in excellent condition. Our high-quality delivery helps you win your customers' loyalty and satisfaction, and seize the opportunities to expand your business into Thailand.
